2. The following descriptions of installations are keyed to the map section:
- a. Point 6. [redacted] observed at this point a barracks area housing a signal unit. The barracks building is two-storied as observed [redacted] Entrance to the courtyard is by means of a gateway. The troops and non-commissioned officers observed before the gateway belonged to the signal corps.
- b. [redacted] the following installations were observed: 25X1
- Point 1. Airfield and barracks housing air personnel.
- Point 2. Barracks area housing a mechanized infantry regiment, a service and supply unit, and an anti-aircraft artillery unit. Elements of other units are also present but could not be identified.
- Point 3. Military cantonment composed of about 6 barracks. Infantry troops were observed leaving the area.
- Point 4. A workshop serving the D.N. (sic). There are watchtowers around the workshop.
- Point 5. A fuel depot, access to which is provided by a macadam road and a railroad line, the rails appearing little-used. The area is enclosed by a wire fence and has a two-story structure, but not other visible installation. It is a military depot.
